

## APPLICANT SYSTEM

**Track all information about applicants with this comprehensive solution from Larimore Associates.**

No matter the type of application – liquor license, firearm license, etc. – this system allows you to track every detail.

### **Easily determine if applicants are already in your system**

- ◆ When names are entered into the Applicant System, they are validated against the Master Name System
- ◆ If a name is already in your Larimore system, you can view any record in which that name appears – a valuable tool when issuing firearms permits

### **Robust searching and reporting**

- ◆ Find records quickly and easily based on a wide variety of parameters – name, address, type of permit, date, issuing officer, and more
- ◆ Standard Reports include detailed information for each applicant and provide statistical data on types of applications processed, approved and denied

### **Track state required information**

- ◆ May be used as a tool to assist departments that must capture concealed weapons

The screenshot shows the 'Applicant System' window with the following data:
