

COURT / CITATION SYSTEM

This flexible, powerful system provides you with full record-keeping capabilities for traffic violation records and the court status for each one.

Larimore Associates' Court/Citation System automates and simplifies the process of tracking the status of citations with an easy-to-use interface.

Thorough record-keeping capabilities

- ◆ Track everything related to citations, including complete information about the offender, the vehicle, and the violation
- ◆ Powerful search function allows you to quickly find records by:
 - Vehicle
 - Offender
 - Date range
 - Court status
 - And more
- ◆ Track court status and disposition for each citation
- ◆ In addition to tracking and providing reports on citations, the system also can produce parking notices and registration suspensions

Accurately track fees and payments

- ◆ Robust fee-tracking system allows users to separately track:
 - Base fines
 - Late fees
 - Jail fees
 - Lab fees
 - Any other type of additional fee your department may need to assess
- ◆ Payments also can be tracked by fee – money can be associated with the base fine or the payments for any additional fees
- ◆ Full or partial payments can be entered

Larimore's Court/Citation System makes entering data, producing reports and conducting searches as streamlined and easy as possible.
