

DEPARTMENT EQUIPMENT PROPERTY

Get organized about your department's equipment – use the Larimore Department Equipment/Property System to accurately track every item.

This powerful module allows your department to take the guesswork out of managing your inventory of department property.

Accurate detail about equipment

- ◆ Create records to capture details about each type of equipment
- ◆ Unlimited number of transaction records allow administrators to assign inventory to people, vehicles, or locations
 - All transactions are saved, creating a history of movement, as well as identifying its current status

Powerful functions make administration simple

- ◆ Searching capabilities allow you to quickly locate any record
- ◆ Searches can be run by:
 - Type of property
 - Individual items
 - Officers
 - And more
- ◆ Robust reports display property records by:
 - Employee
 - Type of property
 - Location
 - Property history

Property

Assignments

Reduce – or even eliminate – mountains of paper-based records and eliminate the possibility of lost property.

Put the Larimore Department Equipment/Property System to work for your department.
