

## WARRANT SYSTEM

*Larimore's Warrant System allows your department to accurately track all activities regarding the issuance and execution of warrants.*

Make sure your department is tracking every detail related to warrants with Larimore's highly customizable software.

### Complete records system

- ◆ Master Warrant Record provides a single entry point for all details, including individual's name, characteristics, address, vehicle information, and all relevant warrant information
- ◆ Fully integrated with Larimore's CAD - creates a Patrol File record so dispatchers are alerted if officers are going to a residence where one of the residents has a warrant issued for him/her
- ◆ Continued integration causes the patrol records to be expired once the warrants are served according to department policy
- ◆ Detailed transactions log allows supervisors to track all activities related to warrant processing including, messages left, attempts to serve, and information gathered such as a new address

### Full suite of powerful reports include:

- ◆ Warrant Abstract
- ◆ Warrant Activity Log
- ◆ Master Warrant List
- ◆ Status Summary List

**With Larimore's Warrant System, managing warrant records is easy – searches, data entry, and reports are all done quickly and with a minimum of effort.**
